CELESTINE by

Ethereal radiance defined

Introducing Celestine, a beautifully refined collection from William Edwards, offering timeless elegance and considered design for any occasion. Celestine pairs precise pinstriping with a subtle iridescent lustre and an interference shimmer that changes with the viewing angle, creating a play of radiance and rhythm across every surface.

Its finely balanced lines draw the eye toward the center, while the shifting tones of

celestial blue create a gentle, captivating shimmer. This innovative interplay of light and design harmonises with the quiet sophistication of a finely drawn pinstripe, shaping a tabletop presence that is both distinctive and refined.

Celestine is a study in contemporary refinement, where innovative interference techniques harmonise with the quiet sophistication of a finely drawn pinstripe. Its ethereal radiance brings a subtle lightness to the collection, shaping a tabletop presence that is both refined and distinctive. Thoughtfully crafted to elevate a wide range of dining environments, Celestine embodies an effortless expression of elegance and impeccable taste.
