CHAMOTTE series by APARTU

Crafted in Portugal from chamotte clay, this tableware embraces the raw nature of stoneware. The material brings both weight and restraint, inviting a slower, more attentive way of dining.

Wheel-finished and unglazed surfaces retain the marks of making, while controlled shaping keeps each form calm and precise.

Each piece is unique, with subtle irregularities in the glaze revealing traces of the hand that shaped it. The defined rim frames the food. Designed for everyday use, and for the moments that matter.

Color finish: Black, Heath Green and Light Grey
