ROOFTOP by

The new generation of bar glasses

Honoured with the German Design Award: The Rooftop bar collection combines delicate design with maximum functionality. Inspired by the world's 50 best bars and developed with experienced bar experts, the series features thin-walled glasses, compact proportions and a precise retro-inspired design language. Small bowls concentrate aromas and create an intense sensory experience, tailored to the demands of professional bar concepts.

Rooftop comprises nine clearly defined glass shapes: the sake / liqueur glass, the whisky glass, the small allround glass, the large allround glass, the long drink / beer glass, the martini glass, the Nick & Nora glass, the small cocktail bowl and the large cocktail bowl / champagne bowl. Each shape is precisely designed for specific drinks and serving concepts, supporting focused aroma development.

Machine-made in Germany from Tritan® crystal glass, Rooftop bar glasses impress with brilliance, break resistance and dishwasher safety. The series stands for durable quality, functional clarity and a contemporary interpretation of classic bar culture.
